Brand New Book ***** Print on Demand *****.Excerpt from A View of the Present State of the Salmon and Channel-Fisheries It is fortunate for a person who publishes a book wanting in its title-page that passport to public favor which lies in a name, that his subject requires no such adventitious aid. On certain subjects of an elementary and scientific nature, a writer s name has great weight; but with a work of this kind, consisting of a mere detail of facts, and a chain of reasoning, and therefore resting upon its own intrinsic merits, a name ought to have no more influence than in a court of justice is allowed to character against clear and positive testimony. Facts are substantiated by evidence, not by opinions; and reasons are enforced by principles and comparison.
