Ediciones Paidós Ibérica, Spain, 2009. Paperback. Book Condition: New. 240 x 170 mm. Language: Spanish Brand New Book. Metal de noche / Night Metal es una profundización dentro del trabajo constante que sobre la figura humana y los problemas de su representación se ha planteado Galanda desde el principio. El conjunto consta de obras de gran formato realizadas sobre un soporte de malla de acero y trabajadas con pigmentos, cera y óleo. Las piezas resultantes son un híbrido de pintura y escultura que al presentarse sobre metacrilatos transparentes refuerzan poderosamente su lado escultórico, ya que las figuras aparecen exentas, como flotando en el vacío de los muros. Figuras que se nos aparecen como si procedieran de algún lugar recóndito y atemporal, de alguna extensión neblinosa, blanca y vacía, por la que vagaran suspendidos. Figuras de los bordes, de un tiempo en vilo, en la frontera entre la materia y el vacío donde la mano de Galanda realiza una y otra vez el milagro de la identificación.
