Reviews

Good e-book and useful one. It typically does not expense an excessive amount of. I am just delighted to tell you that this is basically the finest book we have read during my very own existence and could be the best ebook for actually.

(Audra Hodkiewicz)

A NEGLECTED SENSE IN PIANO-PLAYING

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This little book on the tactile sense in piano-playing, written by Mr. Mason at the suggestion of Mr. Edward J. de Coppet, bids fair to be a valuable contribution to the literature of piano study. It is written in Mr. Mason's usual clear and agreeable style, and, besides, an exposition of the desirability of tactile guidance to the player, gives a variety of practical exercises for the development of the tactile sense. - The New Music Review, Volume 11 * * * * * From the beginning of the first chapter: Painful Uncertainty of Amateur Playing IF we compare the piano-playing of the average amateur, whatever his degree of skill, with that of even slightly advanced professionals, we shall usually find his most serious shortcoming to lie in the uncertainty of his results. He can never tell how he is going to play. When in the mood, as he calls it, he may give a satisfactory performance; but at other times, for little or no reason, confused by the presence of strangers, by an unfamiliar piano or chair, or even by a change of furniture or light arrangement, he will go quite astray, stumble helplessly over the keyboard, and end with the mournful or bitter apology, I can't do anything to-day, or, I played it perfectly only this morning. On the other hand the professional, though by no means insensible to upsetting conditions of all sorts, maintains a certain fairly high standard of efficiency. Even when he is nervously tired out or physically ill, he does not, as we say, go all to pieces, but at least gives us the notes with some accuracy, if unable...
