It has been found very easy to put in the plain concrete curb, and it has proved very durable and at the same time has added much to the appearance of the street. Another problem that the road engineers have had to solve is the building of a gutter that will be smooth enough not to retard the flow of storm water upon very flat grades and at the same time so impervious, durable and tough that it will not rot out under continued dampness nor wear out quickly under usage. Cobblestone, brick and stone block retard the flow of water. Asphalt and coal tar rot or disintegrate under the action of water. Concrete once more fulfills all the requirements. By combining the curb and gutter into one monolithic whole, several difficulties are avoided. The displacement of the curb, due to frost upon one...
