Central European University Press, United States, 2016. Hardback. Book Condition: New. Language: English . Brand New Book. According to most historians, the Holocaust in Hungary represented a unique chapter in the singular history of what the Nazis termed as the Final Solution of the Jewish question in Europe. More than seventy years after the Shoah, the origins and prehistory as well as the implementation and aftermath of the genocide still provide ample ground for scholarship. In fact, Hungarian historians began to seriously deal with these questions only after the 1980s. Since then, however, a consistently active and productive debate has been waged about the history and interpretation of the Holocaust in Hungary and with the passage of time, more and more questions have been raised in connection with its memorialization. This volume includes twelve selected scholarly papers thematically organized under four headings: 1. The newest trends in the study of the Holocaust in Hungary. 2. The anti-Jewish policies of Hungary during the interwar period 3. The Holocaust era in Hungary 4. National and international aspects of Holocaust remembrance. The studies reflect on the anti-Jewish atmosphere in Hungary during the interwar period; analyze the decision-making process that led to the deportations, and the options left open to the Hungarian government. They also provide a detailed presentation of the Holocaust in Transylvania and describe the experience of Hungarian Jewish refugees in Austria after the end of the war.
