Sterling Publishing Co Inc. Hardback. Book Condition: new. BRAND NEW, Popular Mechanics Man Crafts: Leather Tooling, Fly Tying, Ax Whittling and Other Cool Things to Do, The Editors Of Popular Mechanics, This is a series of ten pamphlets given to the US army on their return from WW2, reprinted in a single volume. It offers mini instructional courses on skills that will entertain men of all ages and abilities. It is packaged in a vintage style and featuring the original artwork. As its servicemen returned home at the end of World War II, the US Army turned to Popular Mechanics to help them find new and lucrative occupations. A series of ten pamphlets was created, teaching skills that were 'fun to do and profitable too'. Reprinted here in a single volume, and featuring all of the original artwork, these mini instructional courses will entertain men of all ages, even if their workbench is really the living room coffee table! From leather crafts and bookbinding to block printing and cartooning, there's a hobby to be found here for anyone. More ambitious readers may consider learning coping saw techniques, or even axe crafts, which entail making rustic furniture and fixtures using a single hatchet. As charming today as it was industrious then, the book is packaged in a vintage style that authentically captures the 'can-do' spirit of the era.
