

From Gutenberg to Zuckerberg: What You Really Need to Know About the Internet

By John Naughton

Quercus Publishing, United Kingdom, 2012. Paperback. Book Condition: New. 197 x 130 mm. Language: English . Brand New Book. Our society has gone through a weird, unremarked transition: once a novelty, the Net is now something that we take for granted, like mains electricity or running water. In the process we've been surprisingly incurious about its significance or cultural implications. How has our society become dependent on a utility that it doesn't really understand? John Naughton has distilled the noisy chatter surrounding the internet's relentless evolution into nine clear-sighted areas of understanding. In doing so he affords everyone the requisite knowledge to make better use of the technologies and networks around us, as well as highlighting some of their more disturbing implications.

Reviews

It is great and fantastic. It is one of the most remarkable book i have got go through. You wont truly feel monotony at whenever you want of your respective time (that's what catalogues are for about when you check with me).

-- **Matt Rodriguez**

A must buy book if you need to adding benefit. It really is packed with wisdom and knowledge I found out this book from my dad and i encouraged this pdf to understand.
