BRAND NEW, Rooted in America: Foodlore Popular Fruits Vegetables, David Scofield Wilson, Angus Kress Gillespie, Angus Kress Gillespie, From the exotic appeal of oranges to the joy of home-grown tomatoes, many fruits and vegetables have come to play key roles in our gardening, cooking, and eating habits. This book explores ten familiar cultivars apples, bananas, corn, cranberries, peppers, oranges, pumpkins, tobacco, tomatoes, and watermelons to show how they have become intimately entwined with the American way of life. All of the essays show how these foods have slipped into our minds and hearts as symbols of what we value about ourselves and the places we live. Rooted in America will delight readers with...
