Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

China s money market is mainly made up of interbank funding market and bond repurchase agreement market commonly referred to as repo market. Since the market-oriented economic reform in 1978, China has entered into a stage of financial deregulation and liberalization. With the growth of the national economy and change of national income structure, China s finance has increased rapidly, which has brought a great deal of changes in the financial structure. In 1978, broad money (M2) balance was near RMB150 billion yuan. By the end of 2001, M2 balance was up to RMB16,000 billion yuan, an increase of over 100 times in the past twenty years, implying a growth rate of 5 percent a year in 20 years. However, with this financial development and deepening, China needs to liberalize the financial market further and let the liquidity conditions reflect the market realities and integrity. Some scholars argue that China s financial liberalization remains incomplete as the behavior of short-term market-determined interest rates is...
