Brand New Book ***** Print on Demand *****.Excerpt from California Poultry Practice: Being Plain Hints for Beginners in the Rearing, Housing, Feeding, Protecting From Pests and Diseases and Marketing of Poultry Products This book is not an accident; it is born of a desire to help others to avoid the stumbling blocks in the poultry business and at the request of many readers of The Pacific Rural Press, and other papers. With forty-five years of experience with poultry it is to be expected that I have learned a few things about it; it s a poor business that does not teach lessons in that length of time. Don t you think so? There are books, yes, books without number, on poultry matters, but many of them are mostly theory. This book tells you just what I have done and how I would do it. It is a book of action, and it is action that counts these days. We have to act in the living present if we want to live. I want to live and I want others to live, too, and as I have learned these things by experience it is fitting that I should tell others how to obtain results without paying such a big price for the experience. The things told you in this book are original, unorthodox, but strictly practical; and if you will read and then heed, you will be well satisfied that the author has given you your money s worth. California is an Empire in itself, and I am sure there are enough men and women engaged in the poultry business, or wanting to get into it to call for a million copies of this book,...
