Can I get a cavity filled while pregnant Will avoiding spicy foods make my kid a picky eater Can I really increase my babys IQ while shes in utero Whether youre pregnant for the first time, are trying to start your family, or already have enough children to start your own basketball team, youre bound to have questions about what it means to be pregnant -- and how you can increase your odds of having a healthy and happy pregnancy. But no matter how much youve read, watched, studied, or talked about this amazing biological journey, you have never read anything like this. In this groundbreaking book, Dr. Michael Roizen and Dr. Mehmet Oz act as mythbusters for the hundreds of questions surrounding pregnancy in the same scientific, informative, and entertaining ways that have made them Americas Doctors. In these pages, youll learn everything you need to know about the miracles of fetal development, your health throughout the pregnancy, and providing the best possible environment for your growing child. Pregnancy is a complicated balancing act, but it doesnt have to be frightening. The doctors will help you de-stress as they describe accurately and rationally what happens during a thrilling nine months of life. While every pregnant body is different, odds are youll experience some of the cravings, crying, and discomfort that almost all women go through. Your best tactic Learn why these things are happening -- and what you should do about them. **YOU: Having a Baby** will teach you everything you need to know about what to eat (should I be eating for two), how much to exercise, and what guilty pleasures will actually make pregnancy easier on you (and the loved ones...
