Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Are you concerned about the troubling dilemma of homelessness throughout the world and even in the United States? Do you want to help homeless people but do not know where to start? Are you frustrated because the help you have to offer is not enough to make a dent in the problem? As more and more people become homeless there will be fewer and fewer shelters and food kitchens which offer free assistance to the homeless. No pleading or prodding of elected officials will change citizen resistance to offer more subsidies and a greater availability of food for homeless people. The only assistance in the long run that will make a difference must come from the homeless themselves. The most helpful gift anyone can offer to the homeless is to help shift their attitude from helplessness to hopefulness. I believe this is possible by shifting attitudes from poor me to look at me. This is Not an easy shift to make given the dire circumstances many homeless confront. It is possible for anyone who is homeless today to shift their current habit of begging to a fresh approach as they ascend to becoming a successful entrepreneur. This book offers business strategies that can be launched today by the homeless which require no upfront money, no office, no business plan and no bank. Any one of these new businesses offer the promise of tripling the current income stream of homeless who currently rely on begging to keep themselves and their families alive. Obviously, people who are homeless cannot purchase this book. You can. Instead of giving a beggar a handout, why not give them a copy of my book?...
